

CENTENARY INSTITUTE MINI-SYMPOSIUM

LEAVE NO WOMAN BEHIND

Please join the Centenary Institute in recognising International Women's Day on Thursday 8 March.

International Women's Day is a global celebration of the social, economic, cultural and political achievements of women, and marks a call to action for accelerating gender parity.

The Gender Equity Program of the Centenary Institute is joining the celebration by hosting a Mini-Symposium to highlight the ongoing challenges faced by women in science and how progress can be made towards gender parity.
