

The 4th Australian Lipid Meeting

28th - 30th November, 2018

VENUE

Veterinary Science
Conference Centre,
Sydney University

REGISTRATION

Opens July
\$250 - Full registration
\$150 - Students

FURTHER INFORMATION

CHEMICAL
SAPPHIRE
BIOSCIENCE
NSW Department of Primary Industries

MEDIA PARTNER

metabolites
an open access journal by **metabolites**

PROGRAM OVERVIEW

Wednesday, 28th November, 2018

Half day (PM) including Welcome Reception

Thursday, 29th November, 2018

Full day with catered coffee breaks, lunch and conference dinner

Friday, 30th November, 2018

Half day conference

Planned topics to be included;

- Lipids in cardiovascular and metabolic diseases
- Lipid metabolism and cancer
- Clinical applications
- Lipids in plants and microbes
- Lipids in neurological diseases
- Integrating lipidomics with other platforms
- Lipid Imaging
- Technical advances

PLENARY SPEAKERS

Professor Mika Ala-Korpela
Professor in Systems
Epidemiology, Baker IDI Institute,
Melbourne, Australia.

*Integration of Large-Scale Omics
Data to Facilitate Understanding
of Lipoprotein and Lipid
Metabolism*

Professor Kent Chapman
Director, Biodiscovery Institute,
and Professor, University of North
Texas, Texas, USA.

*Lipidomics from a spatial
perspective: What can
lipid location tell us about
triacylglycerol metabolism in
oilseeds?*

Professor Judith Storch
Distinguished Professor of
Nutritional Sciences, Rutgers
University, New Jersey, USA.

*Cholesterol trafficking by NPC
proteins*

Professor David Silver
Professor, Duke-NUS Medical
School, Singapore.

Brain Lipid Transport

Professor Leanne Hodson
Associate Professor, Radcliffe
Department of Medicine,
University of Oxford, UK.

*The ins and outs of liver
metabolism: lessons learnt from
human in vivo, ex situ and in vitro
models*

Professor Valerie O'Donnell
Cardiff University, UK

*The generation and action
of enzymatically-oxidised
phospholipids (eoxPL) in
vascular inflammation.*
